FRIDAY'S RESULTS.

Portsmouth, July 16.—Those pestiferous Molders of Newark, last season, but they have a habit of making the Steamers work overtime for a day or two. Today the first players were compelled to go to the game before the game was started. The away in their favor, and on Friday the same condition presented itself. That may be all right for the fans, but it is the Molders' fault. Not to start, they ought as well do it in the regulation number of innings and get to the last in time for a warm foot instead of taking cold and cold boiled ham.

In yesterday's game the locals should have won in a gallop, but to tell the honest truth they were decidedly glad to pinch off a victory after all. They won 6 to 5, but take it from this end of the story, they did not over themselves with glory, for they did their best in a couple of instances to hand the game to their gentlemanly opponents, and they would not take it.

Walter Miller was on the mound for the locals, and it was his wallop in the tenth that put the game on ice. He held the Molders to six hits and would have had the easiest kind of a shut out had he not worked the longest throw ever seen by mortal man. In fielding a ball he tucked the sphere clear to the center field fence and before it could be retrieved the bags were empty and the hated enemy on to the mound. In the second inning the Molders made a mess of things by allowing a simple little roller to filter way through his props, and this oversight cost two more of the runs. But the locals won, and that is all that can be expected.

Opposed to Miller was Goshorn, who despite the terrific wallop he received, and despite the humidity of the atmosphere, was as cool as a basket of eggs in a cold storage plant. He was hit to all corners of the field and the fielders had their tongues dragging before the contest was a half hour old. He can consider himself lucky that the locals did not make a hundred runs, for his offerings were found for 16 solid raps good for 19 bases.

St. Paul, July 16.—The Massillon boys had but one day's rest since he spanked the Rabes on their own lot, but he is a fighter and he was itching for a chance of the Molders and for fear it would rain Saturday, he begged Manager Goshorn to give him the job of hurling against the Watkins boys.

It was fitting, also, that Miller should be the lad with the punch to keep the game. As above stated he had thrown it away and he was going to learn himself. He did it, and added one more notch to that swat stick of his.

Perhaps it was the news that Mr. Watkins had become their owner and they knew full well that their salaries would be met promptly that caused the Molders to pay such snarling ball. They cavorted around the field like a lot of two year olds and gave Goshorn magnificent support. When you stop to think that the locals played the ball for 16 wallops and only accumulated one run, you can certainly allow the fact to filter through your brain that the Molders played some kind of a good game. With the right kind of pitching they would have won, for every run scored was a gift, pure and simple.

The defense of the locals was glibbed in all but two instances, and these have been explained. Beckheim, who played second in the place of Miller, made one error. Callis in right

pulling off a play that was never before attempted. It was a catch from the bat of a pitcher Goshorn. It was one of those looping sort of flares and almost directly over second base. Callis gave up at the crack of the bat, cutting down the distance at an alarming rate. It looked like a hit, but Callis twisted himself in the fashion of a workman and sticking out his glove and nabbed the sphere just as it was ready to hit the turf. It was a spectacular play and Callis will not be credited louder when he is elected president of Havill.

Callis also did splendid execution with the wicket, so did Hornung and Scudder whose lengthy trips emptied the bases in the third frame. Green and O'Day were there with some wallop. It was a swifter pure and simple. To tell how the runs were made will take but a minute.

Portsmouth won in the tenth on Ray Hanna's scolding of Beckheim's tactics. Hornung's sacrifice and singles by Callis and Miller. The visitors made two in the second. Hornung missed Anderson's roller and Beck sacrificed. Frank and Conley followed with safe raps. In the seventh they made their total five by scoring in three runs. Conley walked. Hanna sacrificed to Miller who chucked the ball to center. Conley and Hanna scored. After Goshorn had quit, Hanna walked and this followed by a sacrifice by Meyers and a single by Kendall gave them a nickel's worth. The score:

Heart *and* Home Talks
by Barbara Boyd

Why This Girl Went on the Stage.

A girl, herself is usually blamed for going on the stage if by so doing her life is wrecked. She is condemned by the unthinking public as headstrong or wilful, and the verdict is, that nobody is to blame but herself for what has happened.

But this is not always the case. Nobody knows in just how many instances, parents themselves are to blame.

A young girl writes, "Mamma and Dad, Poppa doesn't seem to care much what I do. Folks say I am proud, and that I have a good voice. I would like to go on the stage. Would you advise me to do so?"

Here is a young girl, evidently left entirely to her own devices, and the ill-considered advice of friends, ignorant, innocent, and, as far as she knows, well-meaning. The glitter of the stage has spoken to her over the footlights. Probably she has nothing to do and time hangs heavy. Evidently she has an ambition for something, or she would not think of going on the stage. She doesn't care what she does, and without advice or guidance, if anyone really interested in her welfare, she drifts into a work in which she is bound to fail, because of her lack of experience and ignorance. She will surely, "Poppa," if he really loves her, and might turn her to a life of peace and happiness.

Yes, if she does become a chorus girl whose name some day figures in the headlines of newspapers, she alone will be blamed.

Mary's father whose child is left motherless instead of realizing that he has a duty and responsibility for the all-around development of his child, is as ignorant as the child and is ignorant of the life that probably the child will lead and of the things that will be in his mind at the time of the father or selfishly absorbed in other interests, he leaves the child to a sentimental and emotional life alone. This is the case in many cases, the plaintive letters from motherless girls prove.

Perhaps these fathers do not realize just how lonely are the lives of their motherless children, how their hearts ache for the mother-love, and their young spirits for sympathetic interest in the problems confronting childish minds that seem so like an unbridgeable to them. A common remark, a gap of some sort, has come between father and child. The father makes no effort to bridge it and the child, as a rule, feels it timid. As a result, the girl goes on the stage or elopes with some worthless fellow, the son frequents pool rooms or goes to other objectionable places for amusements, and the father wakes up at this stage to wonder why these things are. It is too late now to make over the child's life. The joy or girl has already built his world, and the father cannot now give the advice and help which, by reason of his years and experience would have made that world fairer and happier.

ABOVE PARTY POLITICS
The Newark newspapers from time immemorial have supported their party candidates and party officials under all circumstances. The practice has been Republican as well as Democratic.
While in many instances neither the Republican nor the Democratic newspaper has given encouragement when censure was due, they have both in a measure overlooked shortcomings because of long established custom and for the sake of party harmony.
It may have required the crisis through which Newark has passed to change the old established order, but Newark now sees for the first time a local newspaper warmly supporting a city official of opposite politics. And the Advocate will continue to support Mr. Ankele in his enforcement of the law.

Mr. Ankele has been pleased to acknowledge this support, and has shown in his administration to date a determination to bring the business affairs of Newark above party lines. That he will continue to do so is confidently believed and in this attitude he is meeting with encouragement and endorsement of the city's business interests.
It is far more important for Newark to have her business affairs well managed than it is for a political party to have its men in office. To date Mr. Ankele has made several appointments in the police department. He knew the politics of the new chief, Mr. Hindel, but did not know the political complexion of any other appointee. Some of them happen to be Democrats, others Republicans.
By continuing along this high plane of doing what is best for Newark without regard to political considerations, Mr. Ankele will merit and receive the support of the Advocate and of the people of this city.
The City Council will elect a successor to take the place of W. D. Fulton upon the floor. Mr. Fulton becomes president of the Council, succeeding Mr. Ankele. To satisfy the people a high-minded, clear-headed man must be chosen. The responsibility rests with the City Council and the councilmen should arise to the situation.

Sheriff Frank E. Slabaugh has taken hold of his new duties in a spirit that means success. His experience in the Probate court and as a lawyer fits him for the position, and his fearless character qualifies him for the discharge of his work.
Abuse never accomplished good results. Fair, just criticism is always welcomed by right thinking people and such people profit by it, but to continue to abuse Newark and those who may be responsible for past conditions can avail nothing. Forget the past and continue the work of reconstruction. Newark has laid the foundation of a great city. The people are here to make it great and they are determined to accomplish what they have set their minds to do. Awful as it is, the crime of July 8th marked the beginning of a bigger, better, more prosperous Newark.

The spirit of excitement and unrest following the tragedy of last week has in a large measure subsided, and Newark is again quiet. The wheels of justice have begun to revolve and the people are content to await the result. Proper results are sure to come. Newark has not only set an example for the world, but for herself, and Newark will profit by the calamity that has happened.
"I see Newark is on the map" says many a letter received here during the past week. True enough, Newark is on the map, and the eyes of America were directed to this city this week. Now that everybody knows where we are it is time to tell what we are. Events of the past week do not picture real Newark. Let us show the world what real Newark is and can do.

chance, but it enabled them to place matters more suavely before the president. Both will remain over until tomorrow for a further conference with Mr. Taft. The latter is taking a deep interest in the platform to be adopted at the Columbus convention.
In platform declarations affecting the national administration and forming the plan of campaign all along the line, he will continue to feel a personal and party interest.
Sen. or Dick is to be chairman of the committee on resolutions at the Columbus convention and he brought with him most of the planks of the proposed Ohio platform. The platform promises to be a voluminous affair from the present outlook, but it will be considerably trimmed down between now and convention time.
The platform did not occupy all of the afternoon conference. Candidates were spoken of to the extent that the president was given to understand that none of the avowed candidates for the gubernatorial nomination seemed to have a chance of winning the honor. These candidates are Carmi A. Thompson, of Ironton, secretary of state; Judge O. B. Brown of Dayton and Warren G. Harding of Marion, formerly lieutenant governor.
As to James R. Garfield, secretary of the interior in the Roosevelt cabinet and now closely associated with Gifford Pinchot in his political activity, both Senator Dick and Chairman Ellis declared that he most certainly would not be the candidate for governor.
There was a strong impression that the administration would get behind Representative Nick Longworth after the convention had demonstrated its inability to nominate any one of the three avowed aspirants mentioned. Recently, however, George B. Cox, the Republican leader of Cincinnati, has expressed himself very positively about Longworth, and has even intimated that Hamilton county might go Democratic in case Nick should be nominated.
Moreover, it is understood, at least it has been reported, that Cox exacted from Longworth an explicit assurance that under no circumstances would he be a candidate for anything except congress this year.
Therefore it is very probable that Longworth will drop out of sight as a gubernatorial possibility.

A TRUE STATEMENT.
A writer in the valued New York Evening Post announces that Gov. Harmon is 5 feet 8 inches tall, but the general view in Newark is said to be that the figures are too conservative.
SICK HEADACHES
Are Caused by Constipation and a Lazy Liver.
As long as your liver is out of order you will have constipation, sick headaches, and probably nausea, bitterness, coated tongue and foul breath. Nowadays it's an easy matter to put the liver in fine working condition. One or two PILLS HASKELL'S LIVER PILLS, that new, gentle, safe and most satisfactory laxative will do it. Never anything discovered that gives such quick and joyful relief to constipation sufferers. See and try at drug stores.

Woman's Power Over Man
Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.
IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.
Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

EPILEPTIC HAS NARROW ESCAPE

Zanesville, O., July 16.—While fishing early this morning from the top of a rock ten feet above the river, George Young, 40, was stricken with epilepsy. His unconscious body rolled off the rocks but his clothes got on a jagged rock and he hung over the water for half an hour before a passerby found him. His condition is serious.

WIDOW

Wounded by Real Estate Man Over Love Affair and He Then Commits Suicide.

Chicago, July 16.—Charles W. Rigdon, aged 65, well known for many years in Chicago real estate circles, and father of Jay A. Rigdon, assistant cashier of the Hibernian Banking Association, seriously wounded Mrs. Emma Deufex, a young widow, and then shot and killed himself in the office of John C. Feizer here late yesterday.

Although presenting to the police a mystery as to the direct motive for the tragedy, Inspector Levin says the shooting is the outgrowth of an involved romance in which love and business were hopelessly entangled. The police say Mrs. Deufex has been a close friend of Rigdon for several years and that Rigdon had given her money and stocks and had then quarreled with her. Mrs. Deufex says the police called on Rigdon to carry out certain alleged promises, and despite his refusal, persisted in going to see him and in attempting to effect a settlement.

Although Mrs. Deufex was accompanied to the office where Rigdon had a private room, by Miss Mary Wilson of Hinsdale, Ill., and Mr. Feizer talked with the two women previous to the shooting, the police have been unable to discover the exact conversation that took place between Rigdon and Mrs. Deufex.

LITTLE DAUGHTER HAD SCALP HUMOR

Itched So that She Scratched Until Blood Came. Hair Fell Out. Scalp had Unpleasant Odor. Used Cuticura Soap and Ointment Four Weeks. Scalp Perfectly Clear.

Hair Began to Grow Again and Now Has Beautiful, Long Hair.

"When my little daughter was about five years old, she was taken with the measles. A few weeks after the measles were gone, she began to have a severe scalp humor. It itched so that she would scratch the whole day, until the blood came. We had a doctor and tried a good many other remedies, but nothing helped. Her hair all fell out and the scalp itself had an unpleasant odor. After we had tried all the other remedies, my wife told me to try the Cuticura Remedies. We bought one cake of Cuticura Soap and one box of Cuticura Ointment. We used the Cuticura Remedies according to directions and in about three or four weeks her scalp was perfectly clear of the terrible humor. Her hair began to grow again and now she has beautiful, long hair. Since that time I have recommended the Cuticura Remedies to other people and they also had success. Chas. Salzbrinner, Amana, Iowa, Nov. 8, 1909."

THE LODGES

L. O. O. F.
At the regular session of Olive Branch Lodge last Tuesday evening the regular routine of business was transacted. After the lodge closed, there was a reception held for Bro. Edward Carlile, who is going to England on a visit. Ice cream and cake and cigars were served. After having done justice to the ice cream and cake, the brothers presented Br. Carlile with a beautiful combination collar, emblematic of the subordinate and encampment, as a token of friendship and high esteem. After wishing Bro. Carlile a successful journey, the brothers departed for their homes. Next Tuesday evening will be installation of officers and it is earnestly requested that every member of Olive Branch Lodge be present.

White Carnation Hive.
On Wednesday, July 6, White Carnation Hive, No. 68, held the annual memorial services in the M. W. of A. hall. A number of appropriate musical selections were rendered, and an instructive address was delivered by Rev. Jes. A. Bennett. One of the pleasant features of the meeting was the viewing of a beautiful jewel awarded our record keeper E. Jeanette Moore, by the great officers, for 10 years of faithful and efficient service. Next Wednesday a large attendance is desired, as it is the beginning of the work with the new ritual and the ceremonies are beautiful and impressive.

Modern Woodmen.
Cedar Camp, No. 4727, met in regular session Monday night. One application for membership was balloted upon and elected. Samuel Holman was admitted and obligated as a benefit member. It was decided to have at the next regular meeting the new work put on in full form as there will be a class of candidates to be given the work. A committee was appointed to serve ice cream and cake after the work of the initiation was over. The committee on excursion reported that the date of the trip down the Muskingum river to McConnellsville would be Thursday, July 28, and the fare for the round trip would be \$1.00. A special train will leave the B. and O. station at 7:30 a. m., arriving in Newark on the return trip at 10:30 p. m. Take steamer Valley Gem at Zanesville and spend the afternoon in McConnellsville and Malta. Only 300 tickets will be sold, as the Valley Gem is limited to 300 persons. Children between the ages of 5 and 12 years half fare. The tickets are now on sale of the office of the clerk of the Modern Woodmen, and the Woodmen and their friends are requested to get their tickets early.

Neighbors came to the next meeting of the camp and we will show you a good time and give you some ice cream and cake to cool you off.

Ben Hur.
There will be a called meeting of Alpha Camp, Tribe of Ben Hur, Monday evening, July 18. The meeting is called for the purpose of installing the recently elected officers and transacting any other business that may come before the meeting.

Daughters of Veterans.
Philomena M. Wehrle Tent, No. 25, met Tuesday evening with good attendance. Owing to the rainy evening and the wish of the majority present, the closing of the charter was postponed until July 26th, which has been set as definite.

Those wishing to become charter members should make application, bring father's name, regiment and company and be prepared by above mentioned time. Names will be cheerfully taken at our entertainment Tuesday evening, July 19. This program is sure to please; the teams are well drilled and will be a great attraction. Remember, at G. A. R. Hall.

Officials of PENNSY READY FOR STRIKE

Philadelphia, July 16. Although the officials of the Pennsylvania railroad believe that their 25,000 conductors and trainmen will not quit work they are today preparing for any contingency.

The continued negotiations in Pittsburgh between railway officials and the men seem to offer the only hope for peace. On the other hand the trainmen declare today that they would not be surprised if a strike was called within 48 hours.

WORTH WEIGHT IN GOLD

Lady Learned About Cardui. The Woman's Tonic and is Now Enthusiastic in its Praise.

Mount Pleasant, Tenn.—"Cardui is all you claim for it, and more," writes Mrs. M. E. Rail, of this place.

"I was a great sufferer for 2 years and was very weak, but I learned about Cardui, and decided to try it. Now I am in perfect health.

"My daughter, when changing into womanhood, got in very bad health. I gave her Cardui and now she enjoys good health.

"Cardui is worth its weight in gold. I recommend it for young and old."

Being composed exclusively of harmless vegetable ingredients, with a mild and gentle medicinal action, Cardui is the best medicine for weak, sick girls and women.

It has no harsh, powerful, near-poisonous action, like some of the strong minerals and drugs, but helps nature to perform a cure in a natural easy way.

Try Cardui.

NEW CORN CURE A REAL MARVEL

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns, and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied, or back goes your money.

HALL'S PAINLESS CORN CURE
Lasts longer than several packages of any other corn treatment, and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

ABERNATHYS

SKIMMING ACROSS THE COUNTRY
IN AUTO AT RATE OF 140
MILES PER DAY.

Are Having a Great Time and Expect
to Reach Oklahoma Home at
End of Ten Days.

Toledo, O., July 16.—Wrestling on the rug in the lobby of the Secor, chasing each other around the hotel like two playful kittens as they played hide and seek behind the big marble pillars, Louis and Temple Abernathy forgot they were famous argonauts and remembered only that they were children.

The two kids reached Toledo coming from Sandusky, where they were entertained by the president and other officials of the Maxwell-Briscoe Motor Co., of Detroit, who were attending a meeting of automobile manufacturers and salesmen at Cedar Point.

When they arrived at the Secor in their little runabout automobile a little after 11, they were surrounded by a crowd of the curious, who wanted to see the 9 and 6 year old children who had, unaccompanied, made the trip on horseback from Oklahoma to New York to greet former President Roosevelt on his return to America.

And everyone was greatly surprised at the young heroes, for they seemed mere babies. Temple, the younger, weighs but 45 pounds, and is no bigger than a minute. Louis, the elder brother, weighs but 75 pounds.

With mud bespattered clothes the kids pulled up in front of the Secor, while their father, Marshal Jack Abernathy, who has been following them all the way from New York in a big red automobile, drew up to the curb a minute later. All three then sought the wash room to clean up for lunch and as soon as this operation was performed, the youngsters held an informal reception in the lobby of the hotel.

"Don't you remember me?" asked a drummer who attempted to strike Temple in his arms. "Don't you remember my talking to you at Washington?"

"Now," replied Temple, as he struggled to escape from the embrace of the smiling, good-natured traveling man.

By this time the two children had been completely hemmed in by admirers, but they managed to break away from the crowd by crawling between the legs of the men nearest

them, and as soon as they found themselves alone they began to play tag in the lobby. Tiring of this, they started to wrestle, not for the edification of the crowd, but for their own entertainment, to give vent to their childish spirits. And all this time Marshal Jack Abernathy smiled and looked on with the indulgence of a fond parent.

"Were you not afraid to permit the children to make that trip from Oklahoma to Washington?" asked a bystander of Marshal Jack.

"Not a bit," answered the proud father. "A year ago they went down into New Mexico on horseback and I knew when they could do that they would be all right in the more settled parts of the country. While in New Mexico they were without food for 28 hours, but they didn't squeal. I gave them the horses to start on that journey, believing that they would go but a few miles and that they would be glad to come home, but they had the laugh on me."

The children have seen the big cities of the east; they have talked with Col. Roosevelt and others of the nation's big men and they are now going home with much blare of horns. They have discarded their bodies for a whiz wagon and are covering about 140 miles per day. They left the Hotel Astor on Wednesday afternoon last and slept in Poughkeepsie that night.

They expect to reach Oklahoma City in 20 days, covering 2100 miles.

Louis is at the wheel of the little runabout, while Temple sits by his side, and, child-like, frequently falls asleep. The children's mother died four years ago.

LABOR NOTES

The meeting of the Newark Trades and Labor Assembly last Sunday morning was very satisfactory. The body was opened in due form by President Deims and officers. The secretary's roll of officers found all present except Captain Conn.

The journal of last meeting was approved as read by Secretary Morgan. Bro. Fred Groshans, of the Typographical Union, and Bro. John L. Adams, of the Plumbers' Union, were reported by credentials as delegates from their respective unions.

The former being present, he was duly obligated by the president. The committee appointed at a previous meeting, through its chairman, Bro. John Sherritt, made a partial report on the Hull proposition, and the committee was continued for further investigation.

The Plumbers' grievance was, by consent of Local 271, referred back to the local union, which was requested to report back to the Trades Assembly.

By a prevailing motion a committee was appointed to draft resolutions condemning the lynching of Carl Etherington. At this juncture Organizer Adams was called to the chair to install the officers of the Assembly for the ensuing year.

The local unions are voting on the proposition to make the Sunday preceding Labor Day Labor Memorial Sunday, with an address by one of the local ministers, the local unions to report through their delegates to the assembly at the next regular meeting.

Now is the time to work for a larger and stronger organization of all workmen and craftsmen that are not organized. The union men know that unionism has done for them. Why not get all to reap the benefit.

DEAD BODY

Of Little Boy, Horribly Mutilated,
Was Found in Bed--Farmer Bit
Strips of Flesh.

Ft. Wayne, Ind., July 16.—The dead body of Charles Coast, aged 12, horribly mutilated, was found in a bed in the home of Moses Richer, a farmer, near Grubill, this county, yesterday, and Richer was arrested, charged with his murder. Pieces of flesh had been torn from the boy's back, breast and abdomen, and Richer has confessed, the police say, that he had bitten the strips from the boy's back to punish him for then

had thrown him against the side of a house and killed him. Richer was brought to the county jail in this city, after neighbors had threatened to lynch him. Richer adopted the boy from an orphan's asylum recently.

ANSWERS EVERY CALL.
Newark People Have Found That This Is True.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific.

Thousands of people rely upon it. Here is one case: Mrs. M. Glover, 402 N. Catherine Street, Mt. Vernon, Ohio, says: "I think kidney complaint in my case was caused by a cold which settled on my kidneys. For a month I was in misery and was so weak and helpless that I could not attend to my housework or even dress without assistance. Certain moves caused a sharp pain in my left kidney, extending into my limbs and it was impossible for me to turn in bed. Being advised to try Doan's Kidney Pills, I had a box procured for me. No remedy could have given greater satisfaction. It only required the contents of one box of Doan's Kidney Pills to drive away my trouble and during the time that has since passed, I have not felt the slightest symptom of a recurrence. I cannot praise Doan's Kidney Pills too highly."

For sale by all dealers. Price 50 cents. Foster-McIlbourn Co., Buffalo, New York, sole agents for the United States.

FOUND WHISKY IN WATER WELL

Chardon, July 16.—Workmen were cleaning out a well for Mrs. Alceus Emmons at Muncie when they brought up from the cooling depths a bottle of whisky, the whereabouts of which had long since been forgotten.

Mrs. Emmons recalls that about 20 years ago, perhaps longer, a bottle had been lowered in the well to cool and was lost there. Information is that the contents of the bottle were not used until it appeared oily.

Nevertheless, certain ones whose "burst" tanks becomes easily dried up and who have been forced to pass by that well daily for several years, are secretly picking themselves that their intuition hasn't been better.

DR. CRIPPEN

(Continued from Page 1.)

man's voice pleading, "Don't—oh, don't." It seemed that the cries were from a woman in the basement of the house occupied by Dr. and Mrs. Crippen. As nothing developed further I soon forgot the occurrence, and did not recall it until yesterday, when I learned of the tragedy.

The [redacted] Hall Artists' Guild is

sued an official statement today declaring that all of the books and accounts of Mrs. Crippen, who was treasurer of the guild, were found to be in perfect order and that none of the funds of the organization were missing.

The physicians who are examining the dismembered body were unable to complete their work today, and the inquest has been postponed until Monday.

There was located today in Wainfield, L. L. W. R. Bell, a brother-in-law of the missing dentist, Mr. Bell is not now and never has been satisfied with the reports that Dr. Crippen gave of the death of Mrs. Crippen, No. 1, who was Mr. Bell's sister, and he has set to work the authorities of several American cities to probe the mystery.

He says the Crippens started housekeeping in Sixty-second street, near Tenth avenue, and later went to a house somewhere near the armory, at Sixty-second street and Ninth avenue. There Crippen set himself up as a dentist, but he got into some kind of trouble and then moved to Thirtieth street, near Lexington avenue. Again the authorities got after him and this time he moved to Sal Lake, Utah. Here the mystery began, Mrs. Crippen wrote to Mr. Bell that her husband was taking advantage of his surgical knowledge, and was compelling her—because of certain ordinary and to-be-expected circumstances—to undergo operations by the knife. At last came the worst letter of all. She wrote something to this effect:

"My husband is about to force me to the knife again, and I feel that this will be the last time. I want my relatives to know that if I die I will be his fault."

She did die under the third operation, and Mr. Bell went to Sal Lake, but when he got there Dr. Crippen had vanished. He never heard of him from that day until this week, when he learned that his second wife had been slain.

Clean Your Home Thoroughly in One Day

WITH A NOISELESS

Keller-Santo

VACUUM CLEANER

MANY people think that vacuum cleaning twice a year is sufficient, but their homes soon become dirty again. To these and other housewives who use the broom and sweeper, the old fashioned spring cleaning is still necessary.

Get a Keller-Santo Vacuum Cleaner and put an end to this drudgery and worry. No more sweeping or dusting. No more tearing down your furnishings. The Keller-Santo is easier to use than a carpet sweeper and ten times more thorough. It removes every particle of dust, dirt, grime, germs of disease, moths and other insects and keeps the home clean all the time.

The Keller-Santo is known everywhere as the most efficient, durable and complete cleaner in existence. You can pay more than our price but you can not get as much. If you pay less you will get an inferior cleaner—without a guarantee, and good for only a few months of service.

The Keller-Santo is sold under a guaranty bond which protects you against loss from defects without time limit. You'll find it just as efficient in store, office or church as it is in the home. It is simple, easy to use and more economical than broom and sweeper. Complete equipment for twenty different uses.

We will sell or rent you a Keller-Santo or do your cleaning. You can try it in your own home without obligating yourself in the slightest. Electric or hand power as desired.
